AP1

AUDIPHONE

SELF-DIAGNOSIS

BECOME A DOCTOR FOR MACHINE AND STEAM SYSTEMS TODAY!

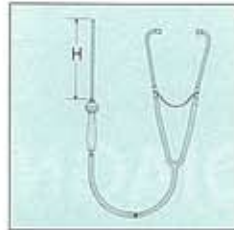

AUDIPHONE AP1

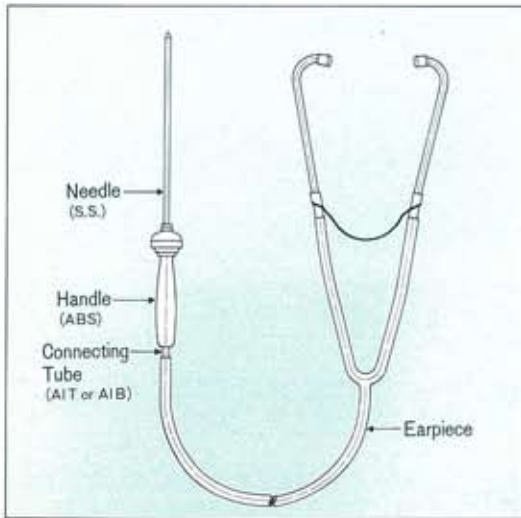

FEATURES

1. Different from a simple wire detector, TLV-AP1 amplifies the sound of trap operation. Faulty operation can easily be identified.
2. Lightweight, portable, and easy to handle.
3. TLV-AP1 can also be used for checking bearings of electric motors and various machines.

DIMENSIONS

Model	A P 1
Length	1190mm
